Product Data Sheet

Product Name: Rolditamig
Cat. No.: GC81428

Chemical Properties

Cas. No.	3038136-62-5		
Formula		M.Wt	124.8
Solubility		Storage	Store at -20°C
General tips	For obtaining a higher solubility , please warm the tube at 37 °C and shake it in the ultrasonic bath for a while.Stock solution can be stored below -20°C for several months.		
Shipping Condition	Evaluation sample solution : ship with blue ice All other available size: ship with RT , or blue ice upon request.		
Structure			

Rolditamig

Background

Rolditamig (TQB2102 Antibody) is a recombinant humanized anti-human epidermal growth factor receptor 2 (HER2) antibody. Rolditamig can be conjugated with an enzyme-cleavable linker and a topoisomerase I inhibitor to form the ADC TQB2102. Rolditamig is applicable to research on solid tumors such as HER2-positive breast cancer [1].
