Product Data Sheet

Product Name: 10-(Cyclopropylcarbonyl)-3'-dephenyl-3'-(2-methyl-2-propenyl)docetaxel
Cat. No.: GF44643

Chemical Properties

Cas. No.	178250-23-2		
Formula	$C_{45}H_{59}NO_{15}$	M.Wt	853.95
Solubility		Storage	-20°C
General tips	For obtaining a higher solubility , please warm the tube at 37 °C and shake it in the ultrasonic bath for a while.Stock solution can be stored below -20°C for several months.		
Shipping Condition	Evaluation sample solution : ship with blue ice All other available size: ship with RT , or blue ice upon request.		
Structure			

Background

SB-T-1214 (SBT) is a taxane. SB-T-1214 efficiently inhibits expression of stem cell-related genes (Oct4,Sox2, andc-Myc) and inducesapoptosisof coloncancerspheroids with drug resistant tumorigenicCD133+/CD44+cells. SB-T-1214 strongly represses tumor growth in Pgp+ DLD-1 human colon tumor xenografts mice model. SB-T-1214 can be used for antitumor research, especially against tumors with drug resistance, such as colon, pancreatic and renal cancers[1][2].
