

Product Data Sheet

Product Name: Citronellal

Cat. No.: GC63289

Chemical Properties

Cas. No. 106-23-0

Formula $C_{10}H_{18}O$

M.Wt 154.25

Solubility DMSO : 100mg/mL

Storage 4°C, stored under nitrogen

General tips For obtaining a higher solubility , please warm the tube at 37 °C and shake it in the ultrasonic bath for a while. Stock solution can be stored below -20°C for several months.

Shipping Condition Evaluation sample solution : ship with blue ice All other available size: ship with RT , or blue ice upon request.

Structure

Background

Citronellal is a monoterpene from the essential oils in various aromatic species of plants, with depressant, hypnotic, and antinociceptive properties. Citronellal attenuates mechanical nociception, mediated in part by the NO-cGMP-ATP-sensitive K⁺ channel pathway[1][2].
