

Product Data Sheet

Product Name: Ethyl 4-pyrazolecarboxylate

Cat. No.: GD11749

Chemical Properties

Cas. No. 37622-90-5

Formula C₆H₈N₂O₂

M.Wt 140.14

Solubility

Storage

General tips For obtaining a higher solubility, please warm the tube at 37 °C and shake it in the ultrasonic bath for a while. Stock solution can be stored below -20°C for several months.

Shipping Condition Evaluation sample solution : ship with blue ice All other available size: ship with RT, or blue ice upon request.

Structure

Background

4-Ethoxycarbonylpyrazole is a biochemical reagent that can be used as a biological material or organic compound for life science related research.

Ethyl 1H-pyrazole-4-carboxylate is used in the preparation of isoxazole-4-carboxylic acid derivatives

Caution: Product has not been fully validated for medical applications. For research use only.
